

North American Retreat

By Betty Worthy
Vancouver Island

These are a few of the things I have learned from our North American Faith and Sharing retreat 2019.... You can try singing it to the tune of "A Few

of My Favourite Things".

I was nervous about being with people I did not know

But I learned that

When I get to know someone, my heart opens and I am not afraid

I also learned

Not all trees are actually trees, some cell towers

There are some really big salmon in Ontario

The conservation area has a fabulous mixture of trees and trails

Jesuits are known for good food

People who attend FS want to live life well by loving well

French people have such expressive faces and super sized hearts

Cleveland people are seriously fun loving

East Coasters play so others can pray

Torontoians are faithful and solid folk

Ottawans practice their faith day by day in life choices

The Jacksonville duo love to laugh and shared generously with us

Detroit Patricia is a kind and dedicated driver

Vancouver Island folk will travel for a good time!

Bilingualism is a rich part of our lives

One more thing

Watch out for Black Walnut trees

Thank you for the warm welcome!
